

Post-Production Supervisor – Beautiful Destinations

Voted by *Fast Company* as one of the World's Most Innovative Companies in 2017, Beautiful Destinations is a community-fueled media company that seeks to make the world a better place through the sharing of authentic, inspirational and immersive travel stories. We create and curate content to inspire and motivate our community to travel deeper and travel more.

The Beautiful Destinations team creates "social first" content around topics that are important to millennial travelers. Things like what to see, eat, and do in cities around the world; profile pieces on inspirational people of this generation, such as Zedd; ultimately, the stories around the world that are worth telling and sharing. We specialize in photography, drone and video (regular, vertical and 360) content creation for a mobile, millennial audience with these content assets then being distributed across our Social Channels, Platform, and Marketing materials.
